GLS Kit includes specified gauge and braided oil pressure line.

Dual Gauge

Universal Gauges

2 Hole Mount

3 Hole Mount
(2 or 3 Holes on Rocker Box)

Designed for extreme flexibility our Single Universal Gauge bracket says it all. Manufactured from billet aluminum this rocker box bracket is intended to fit a wide variety of gauges. Dakota Digital's™ 2 1/16" series, Pro One™ 1 7/8", and Arlen Ness® 1 7/8" size gauges are just a few of the available options. Gauge cup is included with this setup, must specify size when ordering. Fits Evolution® or Twin Cam style rocker boxes. Please check out our available .

We are a stocking distributor of Dakota Digital™, Pro One™, and Arlen Ness® gauges.

Dual Universal Gauges

2 Hole Mount

3 Hole Mount
(2 or 3 Holes on Rocker Box)

2 Hole Mount

3 Hole Mount
(2 or 3 Holes on Rocker Box)

Auto Meter®

This dual rocker box gauge bracket is just the trick for mounting your AutoMeter Tach or Speedo and oil pressure gauge. The gauge bracket will accept Auto Meter's 2 5/8" series Tach or Speedo and there 1 1/2" oil pressure gauge.

Need to mount 2 gauges? Our double Universal Gauge Bracket offers the same flexibility that our single gauges bracket offers with the conveyance of two gauges. Manufactured from billet aluminum this rocker box bracket is intended to fit a wide variety of gauges. Dakota Digital's™ 2 1/16" series, Pro One™ 1 7/8", and Arlen Ness® 1 7/8" size gauges are just a few of the available options. Gauge cups are included with this setup, must specify size when ordering. Fits Evolution® style rocker boxes. Please check out our available .

*We are a **stocking distributor** of Dakota Digital™ , Pro One™ , and Arlen Ness® gauges.*

Designed to fit Evolution® or Twin Cam style rocker boxes this unit comes complete with rocker box gauge bracket and oil pressure gauge cup (utilizes existing gauge cup for tach or speedo). Gauges and braided line sets sold separately.

*We are a **stocking distributor** of Auto Meter® gauges, see gauge selection*
